AMIT MISHRA

+91 7348433729 | mishraamit7348@gmail.com
Address: D-1006 Spring Meadows GH-07A,Techzone 4,Patwari, Greater Noida ,Uttar Pradesh 201306.

Internship Experience:

Bolt IoT

Intern, Dec 2023 - Jan 2024, 2 months

I worked as an Web Development Intern where I conceptualised and designed four Web Development based projects. I also provided detailed documentation of all the projects completed.

Educational Qualifications:

Qualification	School/College	Percentage	Year of Passing
B.Sc	Ewing Christian College	70%	2023
Class 12	N B Sr. Sec School	70%	2020
Class 10	S R Global School	82%	2018

Projects completed:

1. E-commerce website: Built a basic to advanced Coffee shop interactive website, for desktops as well as mobiles, as you learn the concepts within the training.

2. Weather Forecast: Built a website which displays historic weather information, like sunny, rainy, overcast, etc for farmers to maximise their crop yield.

3. Movie Finder Website: Built a website to search the movie by their name and then show useful information of the movie such as the movie poster and many more on your webpage.

4. IoT Dashboard: Worked on industrial projects like temperature and humidity Monitoring for Pharmaceutical companies by building websites with dashboards.

Trainings Completed:

1. Certificate Training for the Bolt IoT's Web Development training, Nov 2023.

In this training I learned foundational Web Development concepts and applied them in projects. I also learnt the concepts of HTML in-depth along with embedding images, fonts, background etc. and concepts of JavaScript to make interactive webpages. I also learnt about API's and how to build dynamic websites.

Skills:

Web Development, Application Development, Micsroft Power BI, Java Web Developer, MySQL, HTML And CSS Developer, Application Development, Javascript And jQuery, SQL DBA.
